Subject: Property at 1680 Anderson

Dear Sirs,

Concerning the residence of 1980 Anderson Road in McKinleyville CA I have lived next to this residence for 23 years and have seen an increase in the garbage and junk that has accumulated over the last 10 years to a deplorable, unsafe condition. The Property owner has people living on the porch and under tarps and has a disconcert for others in this neighborhood. I have seen rats and vermin that are a constant problem that are coming from the accumulation of the garbage and people living outside of the residence of the aforementioned property, I have smelt human waste (I am sure these people aren't using the indoor restroom) not to mention the value of my property and others that live here has depreciated because of these conditions. I ask that the board please move forward with the abatement.

Thank you ,
Larry Timm
