**We, the undersigned, support a zoning change to Public Recreation for the Southern Humboldt Community Park and we want you to approve public access to our park now.**

The Southern Humboldt Community Park is a community asset that has been meeting the social, civic, and recreational needs of the Southern Humboldt community for more than eight years. Unfortunately, the current AE zoning prevents us from using the park, as we intended, for public gatherings and recreation.

Public Recreation zoning is the best choice for the Community Park and is compatible with many agricultural uses. There is currently more agricultural at the park than anytime in the past half century. It is of the utmost importance that you reinstate Public Recreation zoning for the Southern Humboldt Community Park properties in the staff recommended alternative for the General Plan Update. This issue is of critical importance for our community and deserves a creative, forward thinking and equitable solution to a complex problem.

**FIND A WAY TO LET US USE OUR PARK NOW.**
