To: Board of Supervisors

From:  Thomas K. Mattson, Public Works Director

Subject: 2017 Financial Assurances for Reclamation of Surface Mining Operations

RECOMMENDATION(S): That the Board of Supervisors:

1. Adopts the attached resolution authorizing the annual adjustment of funds pledged by the Humboldt County Department of Public Works to complete reclamation of the department's surface mining operations as required by state law.
2. Directs the Clerk of the Board to return a certified copy of the Resolution to the Public Works Department.

SOURCE OF FUNDING: Road Fund

DISCUSSION:

On November 7, 1995, the Board of Supervisors adopted Resolution 95-97a, which authorized the Humboldt County Planning Department or California Department of Conservation to use funds pledged by the Department of Public Works to reclaim any surface mining operations left unreclaimed by Public Works. The amounts pledged for the listed quarries need to be updated annually in accordance with Public Resources Code Section 2773.1(a)(3). Public Works has prepared the attached updated resolution for the Board's consideration.

operations are reclaimed after rock removal is completed and that all mining agencies pledge funds in the form of a financial assurance to guarantee that reclamation will occur. The attached resolution states that Public Works shall pledge funds in the form of gas tax revenues in amounts necessary to reclaim upland quarries and gravel quarries, which are active, and in use by Public Works. Public Works has never failed to complete reclamation of one of its surface mining operations in over forty (40) years of operations and the department expects to continue this record of reclaiming its aggregate resource sites at the termination of use. If Public Works failed to complete reclamation of one of its active sites, the Humboldt County Planning and Building Department or California Department of Conservation would be involved in hiring a private contractor to reclaim the site and funds would be withdrawn from those specifically pledged and set aside.

Public Works recommends approval of the attached resolution to allow Public Works to meet the financial assurance requirements of the Surface Mining and Reclamation Act.

FINANCIAL IMPACT:

The requested action has no financial impact to the county's General Fund. This resolution requires Public Works to pledge \$153,097.04 as a contingency under the Road Fund.

The requested action conforms to the Board of Supervisors' core roles by providing for and maintaining infrastructure and creating opportunities for improved safety.

OTHER AGENCY INVOLVEMENT: California Department of Conservation; Humboldt County Planning and Building Department.

ALTERNATIVES TO STAFF RECOMMENDATIONS: None identified.
