I support the community park but not as another venue for LARGE and amplified concerts. Sprawl Creek Road is not capable of handling large crowds. My concern for our neighbors safety is another issue.

Weddings, hiking, bird watching - park like activities NOT concerts, festivals etc.

I think that the park is a beautiful space for small - medium sized events. Such as the hospice events, and local things. If you can carry in your amp, it should be o.k. The large ones are pretty outrageous.

*We love the Community Park!
Amplified sound travels out from
it for miles. ^(Topographically, I mean) Geologically, it has
an amphitheater-like shape, which
makes it inappropriate for amplified
events so near the neighborhoods.*

Keep land open, doesn't say if
necessary - given problems with
and future dense population it be
wise to keep an option open
until there is a agreed upon long
development plan vs the
current proposal approved
PBT

Like the idea of park facility, but
it should be a part of a general plan
for this rapidly growing area

Dear Supervisors:

We wish to register our opposition to amplified concerts/festivals/fundraisers at the Southern Humboldt Community Park. Affected neighborhoods must be allowed to keep their peace and quiet. Acoustic music is the way for the Park to be a good neighbor.

I oppose the proposed GPA zone change and land use changes. I support the preservation of valuable farmland. I reject the use of the SHCP park for housing development, commercial recreation, motorized recreation, RV and camping facilities.

Thank you for attending to this important matter.

Re: Keep the So. Humboldt Community Park zoned for Peace and Quiet

Dear Supervisors:

We wish to register our opposition to amplified concerts/festivals/fundraisers at the Southern Humboldt Community Park. Affected neighborhoods must be allowed to keep their peace and quiet. Acoustic music is the way for the Park to be a good neighbor.

I oppose the proposed GPA zone change and land use changes. I support the preservation of valuable farm land. I reject the use of the SHCP park for housing development, commercial recreation, motorized recreation, RV and camping facilities.

Thank you for attending to this important matter.

Sincerely,

Signed

Re: Keep the So. Humboldt Community Park zoned for Peace and Quiet

Dear Supervisors:

We wish to register our opposition to amplified concerts/festivals/fundraisers at the Southern Humboldt Community Park. Affected neighborhoods must be allowed to keep their peace and quiet. Acoustic music is the way for the Park to be a good neighbor. I oppose the proposed GPA zone change and land use changes. I support the preservation of valuable farm land. I reject the use of the SHCP park for housing development, commercial recreation, motorized recreation, RV and camping facilities.

Thank you for attending to this important matter.

Re: Keep the So. Humboldt Community Park zoned for Peace and Quiet

Dear Supervisors:

We wish to register our opposition to amplified concerts/festivals/fundraisers at the Southern Humboldt Community Park. Affected neighborhoods must be allowed to keep their peace and quiet. Acoustic music is the way for the Park to be a good neighbor. I oppose the proposed GPA zone change and land use changes. I support the preservation of valuable farm land. I reject the use of the SHCP park for housing development, commercial recreation, motorized recreation, RV and camping facilities.

Thank you for attending to this important matter.

Re: Keep the So. Humboldt Community Park zoned for Peace and Quiet

Dear Supervisors:

We wish to register our opposition to amplified concerts/festivals/fundraisers at the Southern Humboldt Community Park. Affected neighborhoods must be allowed to keep their peace and quiet. Acoustic music is the way for the Park to be a good neighbor. I oppose the proposed GPA zone change and land use changes. I support the preservation of valuable farm land. I reject the use of the SHCP park for housing development, commercial recreation, motorized recreation, RV and camping facilities.

Thank you for attending to this important matter.

Sincerely,
