		The second of th

California Statewide Automated Welfare System Consortium IV (C-IV). Since 2010, Humboldt County is one of the 39 counties that have shared use of C-IV. C-IV provides eligibility determination and benefit calculation for public assistance programs. Los Angeles (LA) was the only county in California that used the Los Angeles Eligibility, Automated Determination, Evaluation and Reporting System (LEADER) to determine benefits for public assistance programs.

On July 29, 2011, the State of California presented to the Food and Nutrition Service (FNS) and Center for Medicaid and Medicare Services (CMS), its plans for reducing the complexity of the eligibility system configuration in California. Those plans included taking the necessary steps to consolidate the existing Statewide Automated Welfare System (SAWS) Consortia from three to two systems. The recommendation was to merge the LA County and C-IV Systems. In September 2011, Assembly Bill (AB) 16 passed. AB 16 called for "the migration of the 39 C-IV counties into a single system jointly designed by the 39 counties plus Los Angeles County".

Since AB 16 passed, Los Angeles has completed migration to LRS (Leader Replacement System), and an LRS/C-IV Executive Leadership Committee was formed to merge LRS and C-IV into one system: California Automated Consortium Eligibility System (CalACES). Migration to CalACES will be completed in early 2020.

At this time, the Department of Health and Human Services Social Services Branch seeks Board of Supervisors' approval of the MOU with CalACES. The purpose of this MOU is to define areas of understanding relating to the agreement between CalACES and the county regarding the system agreement associated with CalACES and other areas of mutual interests in fulfillment of the Consortium's purpose. It is expected that the Consortium enters into this same agreement with all other migrating counties.

FINANCIAL IMPACT:

Consortium costs are shared by all member counties based on State Fiscal Year (SFY) 15-16 person counts. Humboldt County's share of the forty (40) county expenses is 0.7%. Maintenance and Operations (M&O) costs vary based on the state budget, state county initiatives, and premise funding opportunities. Humboldt County's share of the Two Hundred Forty-Five Thousand, Two-Hundred Forty-Six Dollar (\$245,246) total Design and Implementation (D&I) projected costs is estimated to be One Thousand, Seven Hundred and Seventeen Dollars (\$1,717) during the migration D&I budgeting period as described in the chart below.

	Hum	boldt County Mi	gration D&I Estir	mates	
County Share of Costs	SFY 17-18	SFY 18-19	SFY 19-20	SFY 20-21	Total
0.70%	\$513	\$609	\$379	\$216	\$1,717

All costs relating to migration D&I expenses are covered in the LRS/C-IV migration budget except as noted above. Remaining costs relating to the migration and usage of the CalACES system are paid through Social Services Administration Unit 511, in fund 1160. There is no impact to the General Fund

The JPA exists until it is terminated by the members (JPA Agreement, section 2.02). However, any member may also withdraw from the JPA if they choose (JPA Agreement, section 2.12). As long as the county is a member of the JPA, the MOU between the county and the JPA will define the terms of their relationship.

This agreement supports the Board's Strategic Framework by providing for and maintaining infrastructure.

ALTERNATIVES TO STAFF RECOMMENDATIONS

The Board can choose not to approve the contract with California Automated Consortium Eligibility System. This is not recommended. The Department would recommend the approval of the contract to allow continued migration to CalACES and ongoing support in Humboldt County after full implementation.
