Re: Diana Kabyle, Eureka area application No. 13693; case No. FMS-17-005. CDP-17-041: Assessor Parcel Number (APN) 301-111-001. A final subdivision of approximately 2.5 acre parcel.

We have lived here on Artino Street for 17 years, over which time the housing department has granted over 24 new housing developments, the amount of extra property taxes must be astounding. As a result more traffic is using South End of Union Street which is in very bad shape, costing us more repairs on our vehicles. Everyone I talk to in the Artino neighborhood has a complaint about the state of South End of Union Street. (Why the county never finished the pavement here is unfathomable)

Now we have yet another development on the books, more traffic. That corner from Union into Artino Street is extremely hazardous the road is particularly bad on that bend which is where the new development comes in.

I know I speak for many of us in the neighborhood – We are absolutely against this development going in until the South End of Union Street is newly paved from Higgins down though the corner into Artino Street. Or at least the county has a commitment to have this road paved by the time the development goes in.

Yours Sincerely. Bran and Heidi Collingwood
