Dated: 11/7/17

By: 

Kathy Hayes, Clerk of the Board

DISCUSSION:

This project consisted, in general, of maintaining traffic through the project site; cold planing asphalt concrete; removing unsuitable material; and placing aggregate base, hot mix asphalt, rock slope protection, and thermoplastic traffic striping and pavement markings on Eel River Drive in Fortuna.

On July 7, 2015, the Board of Supervisors authorized the Clerk of the Board to advertise the above-referenced project for bids. On August 11, 2015, the county received two (2) bids for the project. The project was awarded to Mercer-Fraser Company, the lowest responsible bidder, on September 8, 2015. The award amount was \$301,234.00, and change orders through project completion amounted to a decrease of \$19,528.90.

FINANCIAL IMPACT:

Total construction costs for this project were \$281,705.10. This project was funded through the State Transportation Improvement Program, which provided 100% of the construction costs. This project did not affect the General Fund.

This project conforms to the Board of Supervisors' Core Role of providing for and maintaining infrastructure as identified in the Board's Strategic Framework.

OTHER AGENCY INVOLVEMENT:

California Department of Transportation

ALTERNATIVES TO STAFF RECOMMENDATIONS:

None recommended. The project has been completed, and the requested Board action is needed to accept the project.
