That the Board of Supervisors receive staff reports from various county departments.

All county funds

DISCUSSION:

In 2015, the Board began to receive informational reports from county departments on core services and budget requests. This process allows the departments and your Board to have more time to discuss and examine budget requests and implications. This process also allows for additional public participation in conjunction with the public hearings held in June. Departmental budget reports focus on core services, innovative approaches to service delivery and a summary of any additional General Fund appropriation requests for FY 2018-19, including Measure Z requests. These presentations provide an opportunity for the public to learn more about county budgets and services. This is a continuation of these presentations from the April 23, 2018 Board meeting.
