DISCUSSION:

Per California Education Code 15140(b) "the board of supervisors of any county may provide by resolution that the governing board of any school district or community college district over which the county superintendent of schools has jurisdiction, and which has not received a qualified or negative certification in its most recent interim report, may issue and sell bonds on its own behalf pursuant to this chapter without further action of the board of supervisors or officers of that county or of any other county in which a portion of the school district or community college district is located".

The Board of Trustees of the Cutten School District approved Resolution 1019-05 (Attachment 2) on December 10, 2018 authorizing the issuance of debt to upgrade school facilities not to exceed the sum of \$ 2,000,000.00 as had been approved by the electorate of the district on November 6, 2018. The resolution also states that "the district has not received a qualified or negative certification in its most recent interim report".

The county shall levy and collect taxes, and pay the debt service for all bonds sold for this issuance as the county currently does for all previous Humboldt County school bonds issued previously.

Your Board adopting the resolution will allow the Cutten School District to issue the general obligation

bonds.
