The applicant shall submit a habitat scoping report for *Strix occidentalis caurina* (Northern spotted owls) and *Brachyramphus marmoratus* (marbled murrelet) prepared by a biologist or forester with experience in the life history of the species, for approval by the Planning Director in consultation with CDFW. If habitat is present within the project vicinity, a light and noise attenuation plan shall be developed in consultation with the Planning Department and California Department of Fish and Wildlife prior to the use of any lights or fans.
