CITIZENS' ADVISORY COMMITTEE ON MEASURE Z EXPENDITURES

(Advisory Committee will make recommendations to the Humboldt County Board of Supervisors as to expenditure of funds derived from *Measure Z*.)

APPLICATION FOR FUNDING

Agency Name: Hoopa Valley Tribal Police Department

Mailing Address: PO BOX 1341 Hoopa CA, 95546

Contact Person: Dana Norton

Title: Chief of Police

Telephone: 530 625 4202

E-mail address: Dana.Norton2502@gmail.com

1. AMOUNT OF MEASURE Z FUNDING REQUESTED FOR FY 2019-20: \$253,152.61

2. ENTITY TYPE -- Please check appropriate box.

- a. Humboldt County Department ☐
- b. Contract Service Provider to Humboldt County ☐
- c. Local Government Entity ☐
- d. Private Service Provider ☐
- e. Non-Profit Service Provider ☐
- f. Other Indian Tribe ☒

3. Please provide brief description of proposal for which you are seeking funding.

A unique set of challenges and problems confront the Hoopa Valley Tribe as it works to provide public safety and policing strategies on the largest land based reservation in the state of California. Not only is the Hoopa Valley Indian Reservation the state's largest, it is arguably the most remotely located as it is in the rural, mountainous country, located in northern California, between the coastal Highway 101 (2 hour round trip

drive) and the interior corridor traversed by Interstate 5 (5 hour round trip drive). The Tribe has identified the need for more law enforcement officers as only 4% of the Reservation is being managed by public safety. The 4 % being managed is the valley floor and business districts. The other 96% not fully attended to are the mountainous, aquatic, and ceremonial areas of the Reservation. These vital areas are going unprotected and are what make the Hoopa Valley Indian Reservation so unique. For the last several years large Marijuana grows have devastated the Tribe's ecosystem and continue to do so. Numerous large scale grows have been located and were studied by the Tribe's wildlife biologists where they found extremely toxic chemicals flowing down through streams, creeks, and into lower tributaries like the Trinity River. Obviously this has a negative impact on the well being of the people who reside on the Hoopa Valley Indian Reservation. Reports of Marijuana grows are still occurring on the Reservation where the above mentioned water sources are being diverted. Again this creates a negative impact on the ecosystem. These challenges help explain the biggest problems facing the Tribe's law enforcement/resource protection issues. Receiving funding through this request will measurably reduce any further damage to the Tribe's ecosystem, which the Hupa people have relied on since the time immemorial.

4. How are you developing a plan for sustainability, including diversification of funding sources, in order for your proposal to carry on without reliance on future *Measure Z* funds?

The Hoopa Valley Tribal Police Department will continue to seek out any additional funding opportunities through Federal and State grant sources. For example, the Hoopa Valley Tribal Police Department is submitting a 2019 Coordinated Tribal Assistance Solicitation (CTAS) this February as well. For the 2019 CTAS the Department is asking for similar assistance as we are requesting from the *Measure Z* source. We are confident we will obtain the CTAS funding opportunity as we were awarded for 2018. The Hoopa Valley Business Council is also dedicated to building the Law Enforcement Program and has allocated significant increases in the Department's annual fiscal budget since 2015.

5. If this request is for the continuation, or expansion, of an existing program/service, what is the current source of funding for that program/service?

This funding opportunity will help expand the Hoopa Valley Tribal Police Department program in the way of resource protection. Currently the Hoopa Valley Tribe funds the police department through the following sources: Tribal gaming revenue, indirect cost, tribal revenue, BIA/DOJ funding, and grants.

6. If you are awarded *Measure Z* funds, how will you use them to leverage additional grants, contributions, or community support?

With the approval of this funding opportunity, the development of a district advisory group will be started. Periodic meetings will held in districts to identify problems in their respective district area by concerned community members which will help to identify and discuss solutions that can be mutually agreed upon by

members of the community and the police department. The creation of these advisory groups will result in trust building between the department and the community.

7. Will this proposal require new or expanded activity on the part of another entity to be fully functional and effective? If so, please describe.

No.

8. Are there recurring expenses associated to this application, such as personnel costs? Please check yes or no and if so, please detail those expenses. ☒ Yes ☐ No

We are requesting funding to hire two full-time sworn Hoopa Resource Police Officer positions as well as two patrol vehicles for those officers. As mentioned, the Hoopa Valley Business Council and the Chairman Ryan Jackson understand the importance of protecting our land rights, water rights, and cultural/ceremonial rights. Therefore, the Tribe is dedicated to locating any and all funding sources such as the CTAS grant to fully build and fund this much needed Resource Protection Program.

ATTACHMENTS—Please include the following with your application

Proposal Narrative: Brief description of your request for *Measure Z* funds – Please explain how it is an essential service or for public safety. (one page maximum)

Prior Year Results: If your request is a continuation of a program funded with *Measure Z* in prior fiscal years, please provide the results of implementation. (one page maximum)

Program Budget

I declare under penalty of perjury under the laws of the State of California that the above statements and all attachments are true and correct

DATE: 2/21/19

Hoopa Valley Tribal Police Department FY-2019-2020 Measure Z Application for Funding Proposal Narrative

Problem Statement: The Hoopa Valley Tribe was one of the first tribes in California to establish a successful Tribal Fish and Wildlife Resource Program. Currently the Tribe is one of the forefront leaders pertaining to fish and wildlife biology and a strong advocate for river protection. The Tribe has made the decision to advance the old resource protection program from a traditional biologist program into a more lawful resource protection program overseen by the police department. This lawful style program will hold tribal and non-tribal members responsible for their actions backed by judicial type discipline. The overall goal is to protect life and property while coinciding modern ways of living with traditional sustenance.

The Tribe has an established public safety program which is growing and taking progressive steps in strengthening its relationships, providing services, and gaining credibility. However, the Department has never dedicated positions to full resource protection. It is the Department's goal to build a strong resource protection program. The Hoopa Valley Indian Reservation consists of 84,582.8 upland acres held under Tribal authority and covered by enforceable Tribal Fish and Wildlife Codes/Ordinances. The aquatic miles on the Hoopa Valley Indian Reservation are approximately 17.2 miles. The Tribe is the only law enforcement entity providing services for resource protection within the external boundaries of the Hoopa Valley Indian Reservation. Although the Tribe has a Memorandum of Understanding with Humboldt County Sheriff's Office, state officials do not enforce state law pertaining to Fish and Wildlife or Tribal Ordinances. It is solely the Tribe's responsibility to provide resource protection.

Currently the Hoopa Valley Tribal Police Department serves as a two part protection agency. What this means is our current patrol officers act as resource officers as well as traditional law enforcement officers. The Department currently does not have any designated resource protection officers. As a result of this, there is no proactive resource protection, in fact our resource protection program is almost non-existent. Occasionally our patrol officers will address a tribal resource violation, but this unfortunately is rare. This issue has caused frustration with the Tribal Council, Police Department, and Community with little to no solutions. Funding issues are the main culprit for lack of better terms.

Lack of resources, vehicles, and appropriate attire for officer personal safety. In order to put an officer into the field protective equipment is required for each officer including- vests, radio equipment, firearm(s). Fully equipped patrol vehicles are also needed. Having fully equipped patrol vehicles has shown to be vital in the way of responding to protect life and property on the Reservation.

The most important gap that has been identified, is the lack of officers needed to commit to a true community oriented policing mechanism allowing for police and community partners to identify/combat the root of the problem of fish and wildlife protection/education to sustain our culture.

It is the Department's goal to obtain ten resource officers within the public safety's chain of command. Of those ten, the resource program will contain a resource lieutenant who will report to the Chief of Police, accompanied by two resource sergeants and seven resource officers. This many positions will allow the resource program to address many if not all resource calls for service within the reservation boundaries. Receiving Measure Z funding help kick start this much needed resource protection program.

Powertrain

- * EcoBoost 375hp 3.5L DOHC 24 valve twin turbo V-6 engine with Ti-VCT variable valve control, port/direct injection
- * Recommended fuel : regular unleaded
- * 10 speed automatic transmission with overdrive
- * Fuel Economy City: 17 mpg
- * Capless fuel filler
- * Auto stop-start feature
- * LEV3-ULEV125
- * Part-time
- * Fuel Economy Highway: 23 mpg

Suspension/Handling

- * Front independent double wishbone suspension with HD anti-roll bar, HD shocks
- * Off-road ride Suspension
- * Front and rear 18 x 7.5 machined w/painted accents aluminum wheels
- * Rear rigid axle leaf spring suspension with HD shocks
- * Speed-sensing electric power-assist rack-pinion Steering
- * LT275/65SR18 COWL AT front and rear tires

Body Exterior

- * 4 doors
- * Conventional right rear passenger
- * Turn signal indicator in mirrors
- * Body-coloured bumpers
- * Class IV trailer hitch with with brake controller and trailer sway control
- * Easy lift tailgate
- * Trailer harness
- * Clearcoat paint
- * Front and rear 18 x 7.5 wheels
- * Conventional left rear passenger
- * Driver and passenger power remote heated, manual folding door mirrors with turn signal indicator
- * Black door mirrors
- * Running boards
- * Bed-rail protectors
- * Easy lower tailgate
- * Box style: regular
- * Badging
- * 2 front tow hook(s)

Convenience

- * Manual air conditioning
- * Power windows
- * Driver and passenger 1-touch down
- * Extra FOB controls remote engine start
- * Manual telescopic steering wheel
- * Power adjustable pedals
- * Emergency SOS
- * Integrated navigation system
- * Cruise control with steering wheel controls
- * Driver and passenger 1-touch up
- * Remote power door locks with 2 stage unlock and illuminated entry
- * Manual tilt steering wheel
- * Day-night rearview mirror with auto-dimming
- * FordPass Connect 4G Wi-Fi Modem internet access
- * Wireless phone connectivity
- * 2 1st row LCD monitors

- * Centre front armrest
- * 60-40 folding rear split-bench seat
- * Metal-look instrument panel insert

Entertainment Features

- * SiriusXM AM/FM/Satellite radio with radio data system
- * Steering wheel mounted radio controls
- * Streaming audio
- * External memory control
- * 7 speakers
- * Fixed antenna

Lighting, Visibility and Instrumentation

- * Halogen aero-composite headlights
- * Fully automatic headlights
- * Variable intermittent front windshield wipers
- * Deep tinted windows
- * Tachometer
- * Oil pressure gauge
- * Outside temperature display
- * Low tire pressure warning
- * Trip odometer
- * Delay-off headlights
- * Front fog lights
- * Rear window defroster
- * Front and rear reading lights
- * Voltmeter
- * Compass
- * Camera(s) - rear
- * Trip computer

Safety and Security

- * 4-wheel ABS brakes
- * Electric parking brake
- * Electronic stability control
- * Dual front impact airbag supplemental restraint system
- * Safety Canopy System curtain 1st and 2nd row overhead airbag supplemental restraint system
- * Remote activated perimeter/approach lighting
- * Security system with SecuriLock immobilizer
- * Manually adjustable front head restraints with tilt
- * Automatic Emergency Braking Feature
- * Brake assist with hill descent control with hill hold control
- * 4-wheel disc brakes
- * ABS and driveline traction control
- * Dual seat mounted side impact airbag supplemental restraint system
- * Airbag supplemental restraint system occupancy sensor
- * Power remote door locks with 2 stage unlock and panic alarm
- * MyKey restricted driving mode
- * 3 manually adjustable rear head restraints

Dimensions

General Weights

Curb.....4917 lbs. GVWR.....6750 lbs.
Payload.....2050 lbs.

Front Weights

Front GAWR.....3600 lbs. Front curb weight.....2929 lbs.
