

CITIZENS' ADVISORY COMMITTEE ON MEASURE Z EXPENDITURES

(Advisory Committee will make recommendations to the Humboldt County Board of Supervisors as to expenditure of funds derived from Measure Z.)

APPLICATION FOR FUNDING

Agency Name: So. Humboldt Amateur Radio Club (SHARC)

Mailing Address: POB. 701 Redway, CA 95560

Contact Person: Patricia Rae

Title: Vice President / SHARC

Telephone: 707 223-1560

E-mail address: patte_cac@hotmail.com

1. AMOUNT OF MEASURE Z FUNDING REQUESTED FOR FY 2019-20: \$ 5,160.33

2. ENTITY TYPE -- Please check appropriate box.

a. Humboldt County Department ☐

b. Contract Service Provider to Humboldt County ☐

c. Local Government Entity ☐

d. Private Service Provider ☐

e. Non-Profit Service Provider ☐

f. Other ☒

RECEIVED
FEB 22 2019
CAO

3. Please provide brief description of proposal for which you are seeking funding.

We are requesting funding for the upgrading of our Grasshopper (stand alone) repeater.

4. How are you developing a plan for sustainability, including diversification of funding sources, in order for your proposal to carry on without reliance on future Measure Z funds?

This upgrading will keep our Grasshopper repeater up and running / sustaining itself (solar) for the next 10 yrs. minimum.

5. If this request is for the continuation, or expansion, of an existing program/service, what is the current source of funding for that program/service?

Yes, continuation of service. SHARC dues / donations have paid, thus far

6. If you are awarded Measure Z funds, how will you use them to leverage additional grants, contributions, or community support?

needed service for continuation of communications. In the event of any emergency, it may be our only communication available.

7. Will this proposal require new or expanded activity on the part of another entity to be fully functional and effective? If so, please describe.

No. SHARC maintains repeater.

8. Are there recurring expenses associated to this application, such as personnel costs? Please check yes or no and if so, please detail those expenses. ☐ Yes ☒ No

ATTACHMENTS—Please include the following with your application

✓ **Proposal Narrative:** Brief description of your request for Measure Z funds – Please explain how it is an essential service or for public safety. (one page maximum)

N/A **Prior Year Results:** If your request is a continuation of a program funded with Measure Z in prior fiscal years, please provide the results of implementation. (one page maximum) N/A

✓ **Program Budget** Annually: Dues & donations approx. \$1,500.- 2,000
Expenditures: PG&E / phone patch = \$612.00. Feb 2019 CKing: 900.00
Savings: 1,500.00

I declare under penalty of perjury under the laws of the State of California that the above statements and all attachments are true and correct

Measure Z Narrative:

February 20, 2019

Southern Humboldt Amateur Radio Club, better known as S.H.A.R.C., was founded in 1986, and currently has a membership of over 30 amateur radio operators. Most of its members attended classes offered and taught by its own members, who were then tested and licensed by members and officers of S.H.A.R.C..

The club coordinates communications for local events: The Avenue of Giants Marathons, the Garberville Rodeo Parade, Earthquake - Tsunami Drills, and much more. There's plenty of radio traffic with a weekly 7 pm Monday net to check emergency testing of radios.

The club owns and operates three local FM radio repeaters. The 146.790 MHz transmitter above Garberville is linked to the 146.940 MHz repeater above Shelter Cove, and both have local telephone dialing Autopatch access. The 147.33 MHz Grasshopper repeater near Weott completes club coverage of all Southern Humboldt Co. & Northern Mendocino Co. with public service emergency communications, and communications in time of disasters.

The funding requested is to modernize a repeater that was originally a VIP repeater for fire prevention. Now taken over by SHARC. Grasshopper is a (stand alone) repeater. Located west of Weott, Grasshopper covers highway 101 and west, enabling coverage of the Humboldt coast.

The new batteries for our solar powered repeater, will increase operating time during times of less solar charging.

This funding will allow continuity of services and virtually no maintenance needed in this remote location.

Submitted by: Patricia Rae, SHARC Vice President
