I'm writing to request your assistance with the appointment of a new board member for the Garberville Fire Protection District. Our current state is that we lack an adequate number of members to be able to reach a quorum. Historically these positions have been difficult to fill.

I have a firefighter, Tim Tietz, who is willing to serve until the next election and possibly beyond. He has been on the department for many years, has written successful grant requests for the district, works in the district, responds to incidents with one of the top frequencies of any on the team, and has land and a home that would be situated within the district boundaries after our anticipated expansion has been completed. Please let me know if you need any other information from me.

Kind regards,

Kent Scown
