COMPLIANT OF POSSIBLE CODE VIOLATION
109 Pampas Lane, Fortuna, Ca 95540

Description of Complaint:

I have watched since a young boy the transformation of the marijuana culture in Humboldt. I was living in Sprowl Creek outside of Garberville the first time I heard about marijuana being grown out at Whitethorn. I was then in the 8th grade in school. I am now 71 years old and have watched the weed grows go from mom and pop hippie backyard grows to huge cartel industrial grows.

When I was a young man we used to go up into the local mountains hunting and fishing and enjoy the freedom of the outdoors. A lot of the people in our coastal towns had cabins up in the hills. Not so any more. It is all taken over by the criminal element that have turned our fun loving mountain freedom into the murder mountain type atmosphere, intimidating anyone who might wander into the hills around us by unruly looking guys with big dogs packing guns.

Over the years I have sure lost a lot of respect for the government who I was of the understanding was suppose to protect us law abiding average citizens.

Now forward to today and you are trying by changing the law to make this criminal element good neighbors with the grow on Pampas Lane that is 200 ft. from my bedroom window. The smell is horrible and light shining at night.

They have surveillance cameras all around the place pointing at us and if you get to close to look over the fence towards them the intimidator comes out and wants to know what we want. Not good neighbors. They have got that criminal paranoid attitude towards everyone around them. Sorry but you as the leadership of the county have made a big mistake allowing them to move into town. None of my other neighbors have that hell with you I will do what I dam well please attitude.
