Subject: Re: Bellis Heritage Farms PLN-11744-CUP

Record Number PLN-11744-CUP

My name is Jeanne Claypool

We have lived at the south end of Cabin Road for forty years. We have maintained this road until 3 years ago when applicants prevented us from perform in our duty and right on our easement. Since that time no maintenance has been done, off sloping, brush clearing or vertical clearing of branches. Hauling my truck and horse trailer, branches scraping sides and roof of trailer. Rock applied to parts of roadway not compacted.

On pages 5, 80 and 85 of staff report it states "entire road segment is developed to the equivalent of a category IV standard." They are now claiming roadways are category I, this is unacceptable. Bellus Road and Cabin Road is not their driveway. Their driveway comes off of Cabin Road.
