Subject: Record #16754 Parcel 505-151-006

I am writing to voice my support for the cell tower and its 20' extension as proposed on the above parcel.

As a first responder and ocean fisherman I support enhancement of the communication systems required to fully serve our rural communities and coastal fleets. As I understand it the addition of the services resulting from this project will help fill in the many blank and poor reception areas still existing.

I strongly encourage this project - the sooner it's up the better.
