SUBJECT:

Request for Budget Transfer/Adjustment in Roads Engineering (1200321)

RECOMMENDATION(S):

That the Board of Supervisors:

1. Approve the attached Budget Transfer/Adjustment in the amount of \$1,000,000 for the Roads-Engineering Division to continue funding the Williams Creek Bridge Replacement.

SOURCE OF FUNDING:

Roads Engineering (1200321)

DISCUSSION:

In Fiscal Year 2017-18 the Engineering Department allocated \$2,319,819 in funding for the Williams Creek Bridge Replacement under 1200321-0330. The project intended to span multiple years and its total construction allocation would not be expended in the 2017-18 fiscal year. Due to budget constraints, funding in the amount of \$687,678 was temporarily reallocated from 1200321-0330 Williams Creek Bridge Replacement to Dinner Creek Culvert 1200321-0331.

Initially, when the project was created, consultant costs were not factored into the total estimated expenditure. The attached budget transfer request reallocates the \$687,678 in funding from 1200321-2118 Professional Services back to 1200321-0330 Williams Creek Bridge, as well as an additional

\$312,322 for consultant, administration and construction costs.

FINANCIAL IMPACT:

The request, if granted, will transfer \$1,000,000 from 1200321-2118 Professional Services, to 1200321-0330 Williams Creek Bridge Replacement. There is no impact to the General Fund.

STRATEGIC FRAMEWORK:

This action supports your Board's Strategic Framework by providing for and maintaining infrastructure .

OTHER AGENCY INVOLVEMENT:

None

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board could choose not to approve the Request for Budget Transfer/Adjustment. This is not recommended because the construction project is ongoing and the costs have been incurred.
