**RECOMMENDATION(S):**

**DISCUSSION:**

Section 3-037 of the CMSP Eligibility Manual requires the Department of Health and Human Services - Social Services (DHHS - Social Services) to retain case records and ensure confidentiality. Destruction of case records may be authorized by the Board of Supervisors if they meet the following criteria:

1. Narrative portions of a case record, which are over 3 years old, in any case file, active or

- inactive, after an audit by the county department.
2. Case files, which have remained inactive for a period of 3 years providing the program has not notified the county department that unresolved issues or pending civil or criminal actions, exist.
  3. Fiscal records, which are over 3 years old from the date that the county department has submitted the last CMSP expenditure, report to the Program.
  4. Budget records that are over 3 1/2 years old from the date of the last budget month document.

DHHS - Social Services has determined that certain CMSP records meet these requirements and are thus eligible to be destroyed.

Accordingly, DHHS - Social Services recommends that the Board of Supervisors authorizes the destruction of CMSP records pursuant to the CMSP Eligibility Manual in order to facilitate a smoother data transition with the upcoming switch to a new statewide automated eligibility system. Additionally, the recommended action will allow for the safe destruction of confidential customer records that are no longer needed going forward.
