DISCUSSION:

In 2017, Humboldt County had the second highest per capita overdose rate among California counties. Medication assisted treatment in correctional settings has been proven to lower mortality rates upon the release of former detainees. The provision of medication assistance in the Humboldt County Correctional Facility will support the continuity of care, and decrease withdrawal experiences, of detainees with opioid use disorder.

Health Management Associates, Inc. is a sub-recipient of the State Targeted Response to the Opioid Crisis Grant (STR Opioid Grant) awarded by the United States Department of Health and Human Services - Substance Abuse and Mental Health Services Administration to the California Department of Health Care Services. As specified in the sub-recipient agreement between Health Management Associates, Inc. and the California Department of Health Care Services, Health Management Associates, Inc. has agreed to distribute up to \$25,000.00 in STR Opioid Grant funds to each California county participating in the California Medication Assisted Treatment Expansion Project, for the purpose of expanding access to medication assisted treatment of opioid addiction in correctional facilities and drug courts.

The attached memorandum of understanding with Health Management Associates, Inc. will allow the Humboldt County Department of Health and Human Services - Mental Health (DHHS - Mental Health) to participate in the California Medication Assisted Treatment Expansion Project Learning Collaborative, which includes four in-person training sessions and access to technical assistance, such as monthly coaching calls, webinars and podcasts, regarding the provision of medication assisted treatment services, for the period of April 1, 2019 through Sept. 30, 2020. Upon expiration of the attached memorandum of understanding with Health Management Associates, Inc., DHHS - Mental Health will have the opportunity to apply for up to \$300,000.00 in additional funding that will be used to implement jail-based substance use disorder screening, assessment and medication assisted treatment, if awarded. It should be noted that the attached memorandum of understanding with Health Management Associates, Inc. comes to the Board after the start date thereof due to inadvertent delays that occurred during the agreement development process.

Accordingly, DHHS - Mental Health recommends that the Board approve, and authorize the DHHS - Mental Health Director, or a designee thereof, to execute, the attached memorandum of understanding with Health Management Associates, Inc. regarding DHHS - Mental Health's participation in the California Medication Assisted Treatment Expansion Project for the period of April 1, 2019 through Sept. 30, 2020.
