DISCUSSION:

On Sept. 7, 2016, the County of Humboldt entered into a Consent Decree with the United States Department of Justice that required the commencement of the Humboldt County Americans with Disabilities Act (ADA) Compliance Project. The purpose of the Humboldt County ADA Compliance

Project is to bring all facilities owned and/or leased by the County of Humboldt that provide programs, services and activities to the public into compliance with the ADA. The Ferndale Veterans Hall ADA Modification Project is part of this compliance effort.

On Aug. 27, 2020, the County of Humboldt entered into a consultant services agreement with Whitchurch Engineering to design ADA improvements for the Ferndale Veterans Hall. The construction project consists of proposed ADA and deferred maintenance improvements to the building which includes three new accessible parking stalls, an accessible path of travel that links the public right of way to the facility’s accessible entrance, a new accessible ramp, addition of accessible service counters inside both the canteen and the kitchen and new accessible doors and hardware in multiple locations within the facility.

The construction schedule is expected to take approximately 120 calendar days and is anticipated to begin in December, 2023. The ADA Compliance Team worked with the Humboldt County Department of Public Works and the Ferndale Veterans on the design and specifications for this project. This project aligns with the 2020 Humboldt County Facilities Master Plan adopted by the Humboldt County Board of Supervisors (Board) on Oct. 20, 2020 and the ADA Compliance Plan adopted by the Board on June 29, 2021.
