DISCUSSION:

Wojciech Czyz was hired through an outside employment agency in February of 2022 when the office was critically understaffed. His clerical experience, composure, and affinity for learning complex processes have kept our services at a level consistent with county standards. On May 29, 2022, Wojciech Czyz was hired as an Extra Help Office Assistant.

Wojciech brings to the Clerk Recorders Office exceptional clerk experience with seven years of experience in various clerk capacities with a strong emphasis on customer service and multi-tasking. Wojciech has over three years of experience with training pedagogies. Wojciech also brings the office a strong language proficiency in Polish.

Wojciech has deployed those skills in our office by instructing other employees, assisting the elections office on election day, and keeping our vital records processes running when our office is facing massive staffing shortages.

The department feels that Wojciech's experience, aptitudes, and skills are critical for the county to continue offering adequate service levels. Due to his extensive experience and expertise, an advanced step is warranted. It was the intention of the department to hire Wojciech Czyz at a step E when the extra help appointment was made, however due to clerical error that advance step appointment did not gain proper approval through the County Administrative Office. Accordingly, staff request that your Board approve the advance step appointment effective the hire date of May 29, 2022.

FINANCIAL IMPACT:

No significant financial impact as existing Extra Help salaries allocations are adequately funded to cover the cost of this advanced step appointment. With an allocated Extra Help budget of \$40,000.00 there remains \$24,700.00 unused funding. It is estimated that, including the retroactive pay, the cost for the remainder of this fiscal year will not exceed \$800.00 from Step 1A to Step E.

This action supports your Board's Strategic Framework by fostering transparent, accessible, welcoming and user friendly services , and by providing community-appropriate levels of service
