DISCUSSION:

The navigators will work with the Joint Jurisdictional Family Wellness Courts project to provide support, resources, and referral services for substance use disorder-impacted pregnant women and mothers of children birth to five years of age. The Program Coordinator position will coordinate the seven health navigators with the work of the county perinatal substance use disorder health navigator and align work at the clinics with the perinatal substance use disorder project convened and managed by the Public Health Branch. As a grant-funded position, when

the funding stream ends, First 5 Humboldt will either look for alternative funding or eliminate the position.
