SUBJECT:

Delegation of Authority to County Treasurer for Investment Responsibility of County Treasury for 2022

RECOMMENDATION(S):

That the Board of Supervisors:

1. Adopt Resolution # _____ (Attachment 1) authorizing the County Treasurer to assume full responsibility for all transactions and expenditures related to the investment and reinvestment of funds on deposit in the County Treasury and delegating the authority to execute all contracts necessary to the investment and reinvestment of funds in the County Treasury subject to prior review and approval by the County Counsel and Risk Management.

SOURCE OF FUNDING:

N/A

DISCUSSION:

The Board of Supervisors is responsible for County Treasury operations and compliance unless that authority is delegated to the County Treasurer as stated in Government Code 27000.3: "With regard to county funds deposited in the county treasury, the board of supervisors is the agent of the county who serves as a fiduciary and is subject to the prudent investor standard, unless a delegation has occurred

pursuant to Section 53607 in which case the county treasurer shall be the agent of the county with respect to these funds, serve as a fiduciary, and be subject to the prudent investor standard and the board of supervisors shall not be the agent, serve as a fiduciary, or be subject to the prudent investor standard.”

Therefore, it is recommended that the Board of Supervisors adopt the attached resolution to delegate that authority to the County Treasurer; and authorize the County Treasurer execution authority over contracts related to the investment and reinvestment of funds in the County Treasury.

The County Treasury is the depository for all County Schools and most of the local governmental agencies in the county, excepting cities. The law provides that funds may be invested within specific government guidelines. The priority of these guidelines is safety, liquidity, and then yield. 1) Safety of Capital: The preservation of capital is the primary objective. 2) Liquidity: This secondary objective is for the County Treasury to maintain sufficient liquidity to meet all operational requirements. 3) Yield: This third objective is to generate the maximum rate of return through the use of authorized investments (per governmental guidelines) after safety and liquidity has been ensured.

There are operational contracts necessary for the investment and reinvestment of funds in the County Treasury related to custodial requirements and transaction processing. Granting execution authority to the County Treasurer for these operational contracts, with prior review and approval by County Counsel and Risk Management, add efficiencies to Treasury operations and reduce costs and staff time.

FINANCIAL IMPACT:

There are no additional financial impacts other than normal educational and operational costs to ensure due diligence while abiding by government code in the management of the Treasury Pool; and thereby meeting or exceeding fiduciary responsibilities.

STRATEGIC FRAMEWORK:

This action supports your Board’s Strategic Framework by providing community-appropriate levels of service.

OTHER AGENCY INVOLVEMENT:

All County Schools and many other governmental agencies hold most funds in the County Treasury

ALTERNATIVES TO STAFF RECOMMENDATIONS:

Your Board could retain investment responsibility of the County Treasury for 2022.
