DISCUSSION:

A Human Resources consulting agency, Municipal Resource Group (MRG), conducted a classification and compensation review of the Permit and Planner series within the Planning and Building Department. The review was done to assess the appropriateness of the classifications within these series. The Human Resources Department has received and reviewed MRG's findings and it is evident that the current classifications are not appropriate for the duties being performed.

MRG conducted a thorough review of the classifications for Planning Technician I/II, Permit Specialist I/II, Senior Permit Specialist, and Permit Supervisor, which included salary recommendations for the respective classifications. After careful consideration of the data, MRG has recommended that the County:

- Consolidate the current Permit Specialist series and the current Planning Technician series into one new Permit Technician series.
- Reclassify each incumbent to the same level in the new Permit Technician series (e.g., a Permit Specialist II will become a Permit Technician II; a Planning Technician II will become a Permit Technician II).
- Retitle the Permit Supervisor classification to Permit Manager and revise the classification specification. The salary for the revised Permit Manager classification will remain the same as the current Permit Supervisor classification.
- Increase the salaries of the Planner series to appropriately place them above the Permit Technician series:
  - Place Planner I 5% above the new Senior Permit Technician classification.
  - Place Planner II 10% above Planner I.
  - Place Senior Planner 10% above Planner II.
  - Place Supervising Planner 12.5 above Senior Planner and 15% below Deputy Planning Director.

Therefore, to ensure that the County of Humboldt is offering appropriate compensation and accurate classifications, the Human Resources Department recommends that your board approves these recommended changes based on the research done by MRG.

**Narrative Explanation of Financial Impact:**

The salary adjustments will affect four of the Planning and Building Department budget units. In total, salaries are anticipated to increase by \$103,261 for the remainder of FY 2022-23, \$177,277 in FY 2023-24, and \$163,299 in FY 2024-25. Below is a breakdown of these estimated increases by budget unit.

Building Inspections (budget unit 1100-262)): Salaries are anticipated to increase by \$3,003 for the remainder of fiscal year (FY) 2022-23, \$20,520.53 in FY2023-24 and \$21,546.56 in FY2024-25.

Cannabis Services (1100-268): Actual salary expenditures for employees in the positions described in this agenda item are anticipated to increase by \$35,808.86 in FY2022-23, while the overall salary expenditures for this budget unit are anticipated to be lower than the adopted budget due to unfilled positions. Salaries are anticipated to increase by \$58,939.79 in FY2023-24 and \$61,886.78 in FY2024-25.

Current Planning (1100-277): Salaries are anticipated to increase by \$56,032.44 in FY 2022-23, \$78,619.62 in FY 2023-24, and \$59,760.72 in FY 2024-25.

Advanced Planning (1100-282): Salaries are anticipated to increase by \$8,416.93 in FY 2022-23, \$19,147.78 in FY2023-24 and \$20,105.17 in FY2024-25.

In FY 2022-23, staff anticipates there are sufficient salary expenditure appropriations due to vacancies and revenues from fees to fund the increased expenditures. In future years, Planning and Building Department fees will be adjusted annually to offset increases in salary.

**STRATEGIC FRAMEWORK:**

This action supports your Board’s Strategic Framework priority of managing our resources to ensure sustainability of services and investing in county employees.

**ALTERNATIVES TO STAFF RECOMMENDATIONS:**

The Board could deny this request for position allocation modifications for Planning and Building and revisions to the Comprehensive Compensation Schedule and Classification Summary.

This is not recommended as these changes will appropriately classify the current state of the work in Planning and Building and provide increased wages that should assist Planning and Building in recruiting and retaining qualified personnel to meet the needs of the public.
