The new license agreement (Attachment) shall commence upon the date of execution, and shall terminate on June 30, 2022. The county shall have 6 months beyond this agreement's termination date to remove equipment and stockpiled aggregate material from the site.

This agreement is consistent with similar agreements given that the standard rental rate of \$50 per month shall be paid in advance on an annual basis, at the sum of \$600 per year. The proposed license agreement stipulates that annual site payments shall be made payable prior to July 1 of each fiscal year.

The county shall pay to the owner, a royalty rate of \$1.25 per cubic yard for mined material, which is consistent with royalty rates at other similar sites rented by the county.

The Monument Quarry surface mining operation has been reviewed and permitted in accordance with CEQA. A Mitigated Negative Declaration was adopted by the Planning Commission for the approval of Conditional Use, Surface Mining, and Reclamation Plan permits on March 3, 2011 (Planning Commission Resolution No. 11-11). The proposed agreement requires the county to remain in compliance with all applicable laws, regulations, and permit conditions at all times. Furthermore, the license agreement allows for an extraction of 20,000 cubic yards every 3 to 5 years, which is consistent

with the current permit. This agreement is a 3-year agreement.

**FINANCIAL IMPACT:**

The new license agreement provides for royalty payments when surface mining occurs as well as annual site rental payments to Humboldt Redwood Company, LLC. The Roads Maintenance budget 1200-325-2121 shall bear the cost of all payments. The annual rental payment will be \$600. The maximum royalty payments for three years are estimated to be approximately \$25,000. There is no impact to the General Fund.

**STRATEGIC FRAMEWORK:**

This item conforms to the Board of Supervisors' Core Role of providing for and maintaining infrastructure.

**OTHER AGENCY INVOLVEMENT:**

N/A

**ALTERNATIVES TO STAFF RECOMMENDATIONS:**

The Board could choose not to execute a new License Agreement. The Department of Public Works recommends executing the new License Agreement because of the county's need for aggregate resource sites located throughout the county's road system. By executing this new agreement, the continued utilization of this aggregate source shall offset expenses associated with importing necessary road construction materials from distant locations.
