Humboldt Private Reserve, Inc. will manufacture water extracted cannabis concentrate. The proposed extraction method includes only the use of water and agitation. Absolutely no butane, hexane, propane or pressurized carbon dioxide is used. The proposed facility will have an average production of 10,000 grams of concentrate per month. Each batch will be tested for pesticides and mold. The parcel is served by community water and an on-site septic system.

Move to make all of the required findings, based on evidence in the staff report and conditionally approve the Humboldt Private Reserve application as described in the Agenda Item Transmittal subject to the conditions of approval.
