DISCUSSION:

The applicant requests a Lot Line Adjustment (LLA) and Zone Boundary Adjustment to create a parcel boundary that conforms to the General Plan. The LLA would modify the property line between two parcels resulting in two parcels of approximately 2.4 acres and 78.5 acres. The Zone Boundary Adjustment (ZBA) would adjust the zone boundary of the resultant 2.4-acre parcel such that the entire parcel is zoned Unclassified(U). The LLA and ZBA would allow for the resulting 2.4-acre parcel to conform to the General Plan designation of Residential Estates (2-2.5). This action would rezone approximately 1.5 acres from TPZ to U. The lands to be rezoned into U were found to meet standard size requirements for both existing zoning and general plan designation. The larger parcel is developed with a single-family residence and the smaller parcel is currently undeveloped. The LLA will provide a more logical layout between the two parcels which are currently held in common ownership. If the proposal were approved, the ownership entity (applicant and late wife) would then be executing a conservation easement with the City of Arcata to allow for portions of APN 500-011-007 to become part of the Community Forest. It should be noted that this proposal is not associated with the City of Arcata or the Community Forest. This proposal will not impact the existing easement held by the Crestview Estates Water Company and those it serves. No development is proposed.

On Oct. 6, 2022, the Planning Commission unanimously voted to recommend the Board of Supervisors approve the Davies ZBA & LLA.
