DISCUSSION:

In April 2020, the Humboldt County Board of Supervisors (“Board”) authorized the Humboldt County Department of Health and Human Services - Behavioral Health (“DHHS - Behavioral Health”) to opt into the Drug Medi-Cal Organized Delivery System (“DMC-ODS”) pilot project and authorized funding

for providing covered DMC-ODS services within Humboldt County. The DMC-ODS pilot project allows California counties to dramatically expand, improve and reorganize its system for treating people with substance use disorder. Participation in the program requires that counties provide access to a full continuum of substance use disorder services modeled after the American Society of Addiction Medicine criteria.

Partnership HealthPlan of California, the County of Humboldt and seven (7) other Northern California counties submitted a DMC-ODS Implementation Plan, now known as the Wellness and Recovery Program, to identify and provide covered DMC-ODS services for each counties' eligible Medi-Cal beneficiaries under the oversight of Partnership HealthPlan of California. In August 2021, DHHS - Behavioral Health entered into a memorandum of understanding with Partnership HealthPlan of California that details each party's rights and responsibilities regarding participation in the Wellness and Recovery Program. This memorandum of understanding specifically ensures that Partnership HealthPlan of California will provide oversight for compliance with DMC-ODS requirements and allows certified DMC-ODS providers to submit invoices for the provision of eligible Drug Medi-Cal services to the California Department of Health Care Services through Partnership HealthPlan of California.

The attached intergovernmental agreement with the California Department of Health Care Services sets forth the terms, conditions, principles and general requirements that DHHS - Behavioral Health must meet in order to receive DMC-ODS funding for the provision of substance use disorder treatment services to eligible Medi-Cal beneficiaries in Humboldt County for the period of July 1, 2023 through June 30, 2027. The attached intergovernmental agreement with the California Department of Health Care Services comes to the Board after the start date thereof due to inadvertent delays that occurred during the contract development process.

Accordingly, DHHS - Behavioral Health recommends that the Board approve, and authorize the DHHS - Behavioral Health Director, or a designee thereof, to execute, the attached intergovernmental agreement with the California Department of Health Care Services, regarding the provision of substance use disorder treatment services to eligible Medi-Cal beneficiaries in Humboldt County for the period of July 1, 2023 through June 30, 2027. It is also recommended that the Board authorize the DHHS - Behavioral Health Director, or a designee thereof, to execute any and all subsequent amendments to, and any other certifications, attestations, agreements and documents directly associated with, the attached intergovernmental agreement with the California Department of Health Care Services, after review and approval by County Counsel, Risk Management and the County Administrative Office, in order to avoid any unnecessary delays in the provision of needed substance use disorder services to eligible Medi-Cal beneficiaries in Humboldt County.
