This type of activity is not allowed within lands zoned Airport (AV). As such, the application cannot be approved. The application was submitted on December 23, 2016. On September 23, 2019 another letter was sent by Planning staff again outlining the incompatible zoning designation and offering the applicant the option to withdraw the application. In the September 2019 letter the applicant was informed that a failure to withdraw would result in the application being brought to the Planning Commission with potential additional costs to be billed to the applicant. No response was received. Lastly, staff sent a letter on January 9, 2023, indicating the need for a response within 30 days or the application would be scheduled for a recommendation of denial. To date, no written response has been received.
