DISCUSSION:

Extra help staff are used for special projects, covering 24-hour shifts, vacations and leaves of absence and expertise in meeting mandates. In addition to current staffing shortages, due to COVID-19, Department of Health and Human Services (DHHS) has had to add additional staff to assist with the increased workload. Executive Order N-25-20 waives the 960 hour per fiscal year limit for a retired annuitant. The experience and training of these extra help employees necessitate the extension of hours.

Staff recommends that your Board approve a waiver of the 960 extra-help limitation for the following staff and an extension of 960 hours, to a maximum of 1,920 hours for fiscal year 2021-22, pursuant to Section 7 of the Humboldt County Salary Resolution:

Talbert, and Trussler will be funded through Public Health Fund 1175; costs of these extra help positions are funded by federal and state grants and allocations for COVID-19 response efforts. The additional cost of the Public Health extra help hours is estimated to be \$363,600.90. There is sufficient appropriation in Public Health, Fund 1175 Budget Units 400, 416, 428, 435, and 455 to cover the additional cost of these positions.

DHHS-Social Services assignment of Adams and Williams will be funded through Social Services Fund 1160; costs of these extra help positions are funded through the Social Services claim and grants. The additional extra help hours for the remainder of FY 2021-22 is estimated to be \$38,269. There is sufficient appropriation in the Social Services Fund 1160 Budget Unit 516-DHHS Administration and Budget Unit 520 Housing Opportunities and Mobile Engagement (HOME) to cover the additional cost of these positions.
