Title: Lost Creek Farms, LLC; Conditional Use Permit and Special Permits
Record Number: PLN-10821-CUP (filed 08/04/2016)
Assessor Parcel Number (APN) 211-183-008
Honeydew area

A Conditional Use Permit for 10,800 square feet of existing mixed-light commercial cannabis cultivation. Annual water usage is estimated to be 110,000 gallons/ year (10.2 gal/sf). Water for irrigation is sourced from an existing, onsite, permitted groundwater well, which is likely hydrologically disconnected from surface water per analysis from Lindberg Geological Consulting dated 12/29/2022. Water is stored in a bladder (20,000 gallons), and hard tanks (12,500 gallons) for a total of 32,500 gallons. Processing, including drying and trimming, occurs on an adjacent parcel under common ownership. The applicant states that three seasonal employees are needed for operations. Electricity is sourced from a combination of generator and solar power and the project is recommended to be conditioned to transition more completely to solar power by January 1, 2026. A Special Permit is required to address the setback to public lands, Bureau of Land Management and State of California, respectively.
