**Title:** McKinleyville Community Services District (MCSD) Mad River Floodplain Habitat Restoration and Public Access Conditional Use Permit Extension  
Record Number PLN-2021-17477  
Assessor's Parcel Number: 508-021-007, 508-021-006, 506-341-017, and county road right-of-way. McKinleyville area

Two-year extension of 15879-CUP for MCSD for habitat restoration and public access improvements. The original project was a Conditional Use Permit for habitat restoration to remove infrastructure in the floodplain and restore a more natural connection to the Mad River and thereby increase the quantity and quality of available salmonid habitat in the Mad River watershed. The project will also establish public access over-looking the Mad River, and trail access to the floodplain and river. No changes to the project are proposed. MCSD is the lead agency under CEQA. GHD on behalf of MCSD prepared an Initial Study/Mitigated Negative Declaration (IS/MND) (SCH #2020039047). The Planning Commission in Resolution 20-75 determined that the IS/MND adequately identified and reduced environmental effects to less than significant and that no further environmental review is required.
