SOURCE OF FUNDING:

Social Services Fund 1160

DISCUSSION:

Beginning in early 2012, the Board approved the execution of agreements related to California's Food Stamp program, now called CalFresh. Previously, purchasing agents were authorized to sign for agreements up to \$48,000; the amount has been increased for this fiscal year to match the current maximum of \$56,396 for the purchasing agent. All agreements have focused on CalFresh outreach activities and enrollment assistance, and incorporate destigmatizing messaging for the program through activities such as nutrition education, food security or activities related to wellness and obesity prevention. Approximately 20 to 30 contracts have been signed each fiscal year under this program. With approval of this form agreement, DHHS will continue to partner with community-based organizations to expand and improve CalFresh Outreach, to increase application assistance in community settings, and to expand enrollment and retention support at the community level.

The California Department of Social Services (CDSS) administers all United States Department of Agriculture (USDA) Supplemental Nutrition Assistance Program (SNAP) funds. Focusing on the important role SNAP plays in access to nutrition and the relation of nutrition to overall wellness, CDSS renamed and re-branded food stamps as CalFresh in California. Beyond the name and image changes, CDSS also made significant program changes to increase CalFresh use by reducing enrollment and retention barriers. USDA and CDSS continue to encourage counties to work with community partners to help reach and inform community members who might be eligible for CalFresh benefits.

In addition to outreach, CDSS and DHHS are focused on two additional factors related to program success: enrollment support and retention. Approximately half of all applications are denied each month, largely due to missed interviews and missing verification documents. Similarly, each month a significant number of beneficiaries fall off the program and re-apply. With Service Center and front lobby changes, DHHS has significantly improved its customer service internally. DHHS has engaged community partners to assist with application documentation support and assistance with retention to further improve customer service to our mutual clients.

Approval of this form agreement will allow DHHS to continue to foster relationships with partners for outreach, enrollment and retention support. Increasing CalFresh utilization by eligible households promotes a safe, healthy and economically vibrant community. Outreach and enrollment raises awareness of the nutrition benefits of the CalFresh program; promotes healthy food choices; reduces hunger in seniors and children; and helps to dispel program myths and misperceptions.

Therefore, DHHS recommends that the Board approve the attached form agreement for Community Based Organizations participating with DHHS for CalFresh Outreach and Support activities each to not exceed the purchasing agent's maximum of \$56,396 for fiscal year 2019-20, and authorizes the Deputy Branch Director of DHHS-Social Services to sign individual agreements with Community Based Organizations for CalFresh Outreach and Support activities.

FINANCIAL IMPACT:

Each agreement shall not exceed \$56,396, and \$1.5 million has been budgeted in the proposed fiscal year 2019-20 budget in fund 1160, Budget Unit 511. Costs for this program will be budgeted in the fiscal year 2020-21 budget in fund 1160, budget unit 511. The CalFresh program is federally funded, and there will be no impact to the county General Fund.

STRATEGIC FRAMEWORK:

This action supports your Board's Strategic Framework by creating opportunities for improved safety and health and providing integrated, place-based, and holistic services.

OTHER AGENCY INVOLVEMENT:

Community Based Organizations

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board can choose not to approve the attached form Agreement for CalFresh Outreach and Support Activities with Community Based Organizations. This is not recommended as the Department of

Health and Human Services asserts this funding is important to the goal of increasing CalFresh participation and thereby improving the health and economic stability of children, families and other individuals in Humboldt County.
