

# COUNTY OF HUMBOLDT

## Legislation Text

---

**File #:** 20-1416, **Version:** 1

---

**To:** Board of Supervisors

**From:** Public Works

**Agenda Section:** Consent

**SUBJECT:**

Storm Damage Repair to Mattole Road (3C010) Post Mile 6.50

**RECOMMENDATION(S):**

That the Board of Supervisors:

1. Approve the attached plans and specifications for the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project; and
2. Direct the Clerk of the Board to advertise the above-mentioned project as required by Section 22037 of the California Public Contract Code, with bids to be opened on Tuesday, Dec. 15, 2020 at 2:00 p.m.

**SOURCE OF FUNDING:**

Road Fund (1200); Federal Highway Administration Emergency Relief Storm Damage Funds

**DISCUSSION:**

On Mar. 7, 2017, the Governor of the State of California declared a disaster for Humboldt County due to severe winter storms, flooding and mudslides. Mattole Road (3C010) Post Mile 6.50, in the Petrolia-Honeydew area of southern Humboldt County, experienced roadway settlement and shoulder failure. Emergency temporary repairs were done at the time of the disaster to maintain essential traffic flows.

On Sept. 28, 2020, the Humboldt County Department of Public Works (“Public Works”) received Federal Highway Administration funding approval to proceed with the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project. GHD, Inc. subsequently prepared the attached plans and specifications for the project based on a topographic survey of the damaged area that was prepared by Public Works and a geotechnical study prepared by Crawford and Associates. The work proposed in the attached plans and specifications consists of constructing geosynthetic reinforced embankment, installing deep sub-drainage and storm drainage systems, restoring the roadway to original width and adding sediment and erosion control items.

Accordingly, Public Works recommends that the Board of Supervisors approve the attached plans and specifications and advertise the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project.

FINANCIAL IMPACT:

There is no financial commitment until the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project is awarded. This project is being funded by Federal Highway Administration Emergency Relief Funds (88.53%) and the Humboldt County Road Fund (11.47%). The engineer's cost estimate for the project is Six Hundred Sixty-Seven Thousand Nine Hundred Dollars (\$667,900). The Humboldt County Road Fund will be responsible for Seventy-Six Thousand Six Hundred Eight Dollars and Thirteen Cents (\$76,608.13) of the costs associated with the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project.

Expenditure appropriations relating to completion of the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project have been included in the approved fiscal year 2020-2021 budget for budget unit 1200-321-2118. As a result, the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project will not impact the Humboldt County General Fund.

STRATEGIC FRAMEWORK:

The recommended actions support the Board of Supervisors' Strategic Framework by providing for and maintaining infrastructure.

OTHER AGENCY INVOLVEMENT:

California Department of Transportation, Federal Highway Administration

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board of Supervisors may choose not to approve the attached plans and specifications for the Mattole Road (3C010) Post Mile 6.50 Storm Damage Repair Project. However, this alternative is not recommended because the project will restore the roadway to pre-disaster conditions using funds that would not otherwise be available to the County of Humboldt.

ATTACHMENTS:

Plans and Specifications for Storm Damage Repair to Mattole Road (3C010) Post Mile 6.50; Project No. ER-32L0(119); Contract No. 217225
