DISCUSSION:

California Mental Health Services Authority ("CalMHSA") is a Joint Powers Authority created by counties in 2009 at the instigation of the California Mental Health Directors Association to jointly

develop and fund mental health services and education programs. CalMHSA’s Statewide Prevention and Early Intervention Program (“Statewide PEI Program”) will disseminate and direct statewide prevention and early intervention project campaigns, programs, resources and materials; provide subject matter in suicide prevention and stigma and discrimination reduction to support local prevention and early intervention efforts; administer grants to community organizations; develop local and statewide capacity building support and new outreach materials for counties, and community stakeholders. The primary focus of these programs is to promote mental health and wellness, suicide prevention and health equity throughout California communities, with additional focus on diverse and/or historically underserved, unserved or inappropriately served communities.

The attached participation agreement with CalMHSA will allow the Humboldt County Department of Health and Human Services - Behavioral Health (“DHHS - Behavioral Health”) to take an active role in the implementation of the Statewide PEI Program for the period of July 1, 2023, through June 30, 2026. It should be noted that the attached participation agreement with CalMHSA comes to the Board after the start date thereof due to inadvertent delays that occurred during the contract development process.

Accordingly, DHHS - Behavioral Health recommends that the Board of Supervisors approve, and authorize the DHHS - Behavioral Health Director, or a designee thereof, to execute, the attached participation agreement with CalMHSA regarding DHHS - Behavioral Health’s involvement in the Statewide PEI Program for the period of July 1, 2023, through June 30, 2026. It is also recommended that the Board authorize the DHHS - Behavioral Health Director, or designee thereof, to approve any and all subsequent amendments to, and any other agreements, certifications, attestations and documents directly associated with, the attached participation agreement with CalMHSA, after review and approval by County Counsel, Risk Management and the County Administrative Office, in order to ensure DHHS - Behavioral Health’s continued involvement in the Statewide PEI program.
