DISCUSSION:

The California Department of Social Services (“CDSS”) administers all United States Department of Agriculture (“USDA”) Supplemental Nutrition Assistance Program (“SNAP”) funds. Focusing on the important role SNAP plays in access to nutrition and the relation of nutrition to overall wellness, CDSS renamed and re-branded food stamps as CalFresh in California. Beyond the name and image changes, CDSS also made significant program changes to increase CalFresh use by reducing enrollment and retention barriers.

USDA and CDSS continue to encourage counties to work with community partners to help reach and

inform community members who might be eligible for CalFresh benefits. Many low-income individuals and families continue to lack awareness of the program and do not apply for CalFresh benefits. Many others are not aware of program changes that can make it easier for them to receive CalFresh benefits.

In addition to outreach, CDSS has also focused on enrollment assistance and retention in order to achieve program success. Approximately forty percent (40%) of all CalFresh applications are denied each month, largely due to missed interviews and missing verification documents. Similarly, each month many beneficiaries fall off the program and do not resolve the discontinuance despite still needing assistance feeding their family and being within the income limits for CalFresh.

As part of its CalFresh outreach and retention program, the Humboldt County Department of Health and Human Services - Social Services (“DHHS - Social Services”) partners with local community-based organizations in order to expand CalFresh outreach, enrollment assistance and retention activities. DHHS - Social Services currently engages with approximately twenty (20) to thirty (30) local community-based organizations to assist with these activities each fiscal year.

The attached professional services agreement template will allow DHHS - Social Services to continue working with various community-based organizations regarding the provision of community outreach and support services that are designed to increase the utilization of the CalFresh program by eligible households, raise awareness of the nutrition benefits of the CalFresh program, promote healthy food choices, reduce hunger amongst vulnerable populations within Humboldt County and help dispel program myths and misperceptions.

Accordingly, DHHS - Social Services recommends that the Board approve the attached professional services agreement template regarding the provision of community outreach and support services related to the CalFresh program. It is also recommended that the Board authorize the DHHS - Social Services Director, or a designee thereof, to execute individual agreements with various community-based organizations regarding the provision of community outreach and support services related to the CalFresh program that are substantially similar to the attached professional services agreement template, and any and all subsequent amendments thereto, after review and approval by County Counsel, Risk Management and the County Administrative Office, in order to avoid any unnecessary delays in the provision of needed community outreach and support services.

None

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board may choose not to approve the attached professional services agreement template regarding the provision of community outreach and support services related to the CalFresh program.
