DISCUSSION:

California Department of Public Health's (CDPH) Office of AIDS has contracted with DHHS - Public Health since the late 1980s to provide HIV/AIDS services in Humboldt County. The goal of the HIV/AIDS Surveillance Program is to establish and enhance active and passive HIV/AIDS case surveillance in health and social service settings. Objectives of this program include improving the timeliness, accuracy and reliability of local HIV/AIDS case data; investigating reported HIV/AIDS cases in order to establish an accurate mode of HIV transmission; and in conjunction with CDPH, Office of AIDS staff, conducting investigations of cases that are of public health importance.

Grant Agreement # 19-10417 before your Board today will allow DHHS - Public Health to be

reimbursed for a maximum of \$60,020 for surveillance activities performed within the period beginning July 1, 2019 through June 30, 2024.

This item is coming before your Board after the effective date due to receipt of documentation from CDPH in late August.

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board could choose not to approve the agreement from CDPH, however it is not recommended as DHHS - Public Health would not be reimbursed for the HIV/AIDS Surveillance Program if state funds are not accepted.
