DISCUSSION:

Since March 4, 1997, the county and Resort Improvement District (District) have held a License Agreement for the county to use lands of the District for a Solid Waste Container Site in Shelter Cove. The site is operated through a contract with Recology Eel River. This provides solid waste service to rural parts of the county for the purpose of collecting, transporting and disposing of solid waste and source separated recyclable materials.

The county has exercised both options to extend (Attachments 4 and 5). The License Agreement (Attachment 2) will expire on Jan. 31, 2024. This new License Agreement will extend the use of the Shelter Cove container site from Feb. 1, 2024 through Jan. 31, 2029, for a minimum of five (5) years with options to extend, thus allowing continued use services for the container site for the community of Shelter Cove and surrounding areas.

Accordingly, staff recommends that your Board approve, and authorize the Chair of the Board to execute the attached License Agreement with the Resort Improvement District No. 1 for use of lands in Shelter Cove for a Solid Waste Container Site.
