DISCUSSION:

The Humboldt County Department of Health and Human Services - Social Services' ("DHHS - Social Services") Customer Service Center began operating as a Call Center in December 2012 in order to provide more efficient customer service in a task-based model. DHHS - Social Services has continued to experience increased caseloads in the CalFresh and Medi-Cal programs.

The Customer Services Center became a Regional Call Center with the implementation of Covered California starting with early enrollment on October 1, 2013. The dedicated Regional Call Center staff

members receive calls transferred from the State for all residents within Region 3 and those living elsewhere in California who appear to be eligible for Medi-Cal under the expanded guidelines of the Affordable Care Act.

The Call Center and the Regional Call Center which comprise the Customer Service Center allow the County of Humboldt to meet the requirements of the Affordable Care Act and other continuing and mandated access and enrollment functions.

The attached purchase agreement with the California Statewide Automated Welfare System Consortium will allow for additional agents to be assigned to the Customer Service Center as DHHS - Social Services increases its staffing levels. It should be noted that the attached purchase agreement with the California Statewide Automated Welfare System Consortium comes to the Board after the start date thereof due to inadvertent delays that occurred during the contract development process.

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board may choose not to approve the attached purchase agreement with the California Statewide Automated Welfare System Consortium regarding the provision of additional software licensing for the Humboldt County Customer Service Center. However, this alternative is not recommended since it will not allow DHHS - Social Services to increase its capacity to meet the obligations for CalFresh, medical program access and other mandated public entitlement programs.
