Application Number: 13494 Record Number: SP-17-007 Assessor's Parcel Numbers (APNs): 205-421-004, -009, -012; 205-351-023, -023 Scotia area

Project Description: A Special Permit for updating or replacing the existing fire suppression water/raw water collection system, distribution system, and water storage. The project involves replacing the Eel River raw water intake pumps, improving the raw water intake structure, and construction of an all-weather access road. Some of this work will take place within a Streamside Management Area. The project additionally involves replacing or rehabilitating 2,200 feet of water piping from the river intake, through the industrial corridor to the east side of Main Street within an easement, and demolition of two existing fire suppression water storage tanks.

Adopt the Mitigated Negative Declaration, make the required findings for approval of the Special Permit based on evidence in the staff report, and adopt the Resolution approving the proposed Town of Scotia LLC project subject to the recommended conditions.
