Project Description: A Coastal Development Permit and Conditional Use Permit for extension of a treated effluent sewer transmission line from the boundary of the Samoa Pacific Group property to the ocean outfall line on the Harbor District property. The project includes certification of a Supplemental Master Environmental Impact Report (SMEIR) which addresses utilization of Harbor District's Redwood Marine Terminal II Ocean Outfall line for disposal of treated sewage effluent. The SEIR also addresses other aspects of the Samoa Town Master Plan which will be the subject of future permit actions.
