

# COUNTY OF HUMBOLDT

## Legislation Details (With Text)

**File #:** 20-1072      **Version:** 1      **Name:**  
**Type:** Zoning Item      **Status:** Continued  
**File created:** 8/14/2020      **In control:** Planning and Building  
**On agenda:** 8/20/2020      **Final action:**  
**Title:** Thresholds of Significance for Vehicle Miles Traveled (VMT) to evaluate environmental impacts of projects  
Case Number: PLN-2020-16529  
Countywide

Project Description: To comply with new California Environmental Quality Act (CEQA) requirements, the County is adopting thresholds of significance for vehicle miles traveled (VMT) to evaluate environmental impacts of projects. "Vehicle miles traveled" refers to the amount and distance of automobile travel attributable to a project. The proposed thresholds of significance are based on the type of project, and/or location, and projects that meet these criteria are expected to result in less-than significant VMT impacts.

### Thresholds of Significance for Vehicle Miles Traveled (VMT) to evaluate environmental impacts of projects

Case Number: PLN-2020-16529

Countywide

Project Description: To comply with new California Environmental Quality Act (CEQA) requirements, the County is adopting thresholds of significance for vehicle miles traveled (VMT) to evaluate environmental impacts of projects. "Vehicle miles traveled" refers to the amount and distance of automobile travel attributable to a project. The proposed thresholds of significance are based on the type of project, and/or location, and projects that meet these criteria are expected to result in less-than significant VMT impacts.

The Planning Commission approve the proposed VMT thresholds of significance and recommendations to the Board of Supervisors for final action. Adoption of the proposed VMT thresholds of significance are exempt from environmental review as provided in Section 15308 of the California Environmental Quality Act (Local agency actions to assure protection of the environment).
