Record Number PLN-2020-16188  
Assessor's Parcel Number: 223-101-004  
1400 Ross Road, Garberville area

A Special Permit for 18,000 square feet (sf) of new mixed light cannabis cultivation. The proposed project would be phased to begin outdoor at 10,000 sf and expand to a total of 18,000 sf mixed light cultivation within two years. Annual water use is estimated at 366,660 gallons. The irrigation source is a permitted groundwater well and rainwater catchment. Processing, such as trimming, will occur at an off-site licensed processing facility. There will be a maximum of 3 employees during peak operations. Power is provided by generators, which is limited to 20% and a solar system that will provide 80% of power needs. Within two years, solar power will be the main power source and generators will only be used as an emergency power source.
