Lot Line Adjustment (LLA) resulting in three parcels of approximately 10.0 acres, 146.5 acres and 179.5 acres. Also, part of the project is a Zone Boundary Adjustment to adjust the zone boundary between the Agriculture Exclusive with a 160-acre minimum parcel size (AE-B-5(160)) and Timberland Production Zone (TPZ) boundary to follow the new parcel line. This would involve rezoning approximately 3.09 acres from TPZ to AE-B-5(160). Additionally, approximately 6.2 acres of AE-B-5(160) will be rezoned into TPZ. The smaller parcel is developed with a single-family residence and the larger parcels are managed for timber production. The purpose of the LLA is to provide a greater buffer for the residentially developed parcel to the adjoining timberlands. No development is proposed.
