**DISCUSSION:**

Annually, county departments review fees and charges to determine whether such fees and charges are sufficient to recoup costs associated with providing services to the public. Attachment Ia provides a comparison of the existing fees and charges to those proposed to be effective November 5, 2018. For fees that are proposed to change, calculations supporting the new charge are contained in Attachment III. For new fees, documentation detailing why the fee is being recommended by the affected department is contained in Attachment II. Primarily, the changes reflect fees that are being updated and/or clarified after review by a specific department to insure cost recovery of services to the maximum extent possible.

Government Code Sections 54986 and 66018 require that prior to adopting a resolution or ordinance approving a new fee or changing an existing fee, the Board of Supervisors will hold a public hearing at which time oral or written presentations can be made.

If your Board adopts the ordinance (Attachment IV), it will be effective November 5, 2018, and the new fees will be in effect as of that date, with the exception of the Building and Planning fees, which will go into effect December 3, 2018.

**FINANCIAL IMPACT:**

The revised fees reflect updating fees to current costs, the collection of which results in a net zero budget impact.

**OTHER AGENCY INVOLVEMENT:**

All entities, agencies or businesses impacted by specific fees are involved.

**ALTERNATIVES TO STAFF RECOMMENDATIONS:**

The Board could modify specific recommended fee changes, or decline to adopt a new fee schedule and leave the current fees in place. These alternatives are not recommended, as the proposed fees have been prepared by county departments to maximize cost recovery.
