DISCUSSION:

California Government Code Section 24051 ("Section 24051") provides that on or before July 10th in each year, or at any other interval designated by the board of supervisors, each county officer or person in charge of any office, department, service or institution of the County, and the executive head of each special district whose affairs and funds are under the supervision and control of the board of supervisors or for which the board is ex officio the governing body shall file with the county auditor, according to the procedure prescribed by the board, an inventory under oath, showing in detail all county property in his or her possession or in his or her charge at the close of business on the preceding

June 30th. Pursuant to Section 24051, a board of supervisors may prescribe a different date for its filing, and may prescribe the manner and form in which the inventory shall be compiled.

It has proven very difficult for departments to review and certify their inventory within 10 days of the close of the fiscal year. In an effort to continue improving efficiency and compliance with Government Code, the Humboldt County Auditor-Controller recommends that your Board adopt the attached ordinance extending the date for filing to September 30th. The ordinance also clarifies the definition of what inventory is to be reported.

FINANCIAL IMPACT:

Adoption of the attached ordinance should have no financial impact.

The recommended actions support the Board of Supervisors' Strategic Framework by managing resources to ensure sustainability of services.

OTHER AGENCY INVOLVEMENT:

None

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board could choose not to adopt the attached ordinance regarding the preparation and filing of an annual inventory. However this alternative is not recommended because it would not change the date for filing the annual inventory and could negatively impact several county departments.
