DISCUSSION:

Senator McGuire is proposing budget augmentation of \$10 million to the Natural Resources Agency to fund tribal fire programs that support prescribed burning, forest management, fuels reduction, fire preparedness, invasive species treatment, and vegetation management projects.

This budget augmentation will allow California to set aside funds explicitly for collaborative projects that are led by Tribes that have the capacity and the infrastructure to re-establish normative fire regimes to prevent catastrophic fire events and improve the health of our watersheds. The Board has been asked for a letter of support in these efforts.
