The New Cingular Wireless facility consists of a Special Permit application for the construction of a new 100-foot tall, freestanding faux water tower, to be located on a concrete foundation with ground-mounted equipment. The tower would be able to host up to three different wireless carriers.

Find the project exempt from environmental review pursuant to Section 15270 (projects which are disapproved), find the project to be inconsistent with the Humboldt County General Plan, and adopt the resolution denying the New Cingular Wireless Special Permit.
