DISCUSSION:

California Public Utilities Code Section 5870(n), enacted as part of the Digital Infrastructure and Video Competition Act of 2006 (DIVCA), authorizes local governmental entities to establish, by ordinance, a fee on state-franchised cable/video service providers to support public, educational and governmental (PEG) access channels. The local DIVCA ordinances enacted by the County of Humboldt and the Cities of Arcata, Blue Lake, Eureka, Ferndale, Fortuna and Rio Dell require payment of PEG access

fees that equal 1.401% of the provider's gross cable revenues.

California Public Utilities Code Section 5870(n) states that an ordinance establishing a PEG support fee shall expire, and may be reauthorized, upon expiration of a state franchise. The proposed amendment to Section 855-7 of the Humboldt Code will not impose a new or increased fee, but rather is intended to reauthorize the already existing PEG support fee at the current rate.

FINANCIAL IMPACT:

There are no costs associated with the recommended actions other than staff time to prepare the attached ordinance and related documents. As a result, adoption of the attached ordinance will not impact the Humboldt County General Fund.

STRATEGIC FRAMEWORK:

The recommended actions support the Board of Supervisors' Strategic Framework by inviting civic engagement and awareness of available services.

OTHER AGENCY INVOLVEMENT:

Access Humboldt and the Cities of Arcata, Blue Lake, Eureka, Ferndale, Fortuna and Rio Dell

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board may choose not to adopt the attached ordinance. However, this alternative is not recommended as it will result in the expiration of the current PEG support fee of 1.401% at such time the current state franchise expires, and a new state franchise is issued by the California Public Utilities Commission.
