

**RESOLUTION NO. 26-37**

**RESOLUTION ENCOURAGING THE STATE OF CALIFORNIA TO CONTINUE STATE FUNDING FOR THE MARKET MATCH PROGRAM SUPPORTING CALFRESH INCENTIVES AT FARMERS' MARKETS ACROSS CALIFORNIA**

**WHEREAS**, the Market Match program is California's largest nutrition incentive initiative, providing matching funds for shoppers using CalFresh (California's Supplemental Nutrition Assistance Program) so that they can purchase additional fresh fruits and vegetables at farmers' markets and farm-direct sites; and

**WHEREAS**, the Market Match Program doubles CalFresh purchasing power, matching up to Fifteen Dollars (\$15.00) per visit depending on the market, allowing families to stretch limited food budgets while increasing access to fresh fruits and vegetables; and

**WHEREAS**, the Market Match Program operates at more than two hundred seventy (270) farmers' markets and farm-direct sites statewide and is administered by community organizations and farmers' market operators working in partnership with the California Department of Food and Agriculture through the California Nutrition Incentive Program; and

**WHEREAS**, research on nutrition incentive programs demonstrates that matching benefits for fruits and vegetables increases produce purchases among CalFresh and Supplemental Nutrition Assistance Program participants and supports healthier food choices for low-income households; and

**WHEREAS**, farmers' markets in Humboldt County, including, without limitation, markets operated by the North Coast Growers Association in Arcata, Eureka, Fortuna, McKinleyville, Garberville, Shelter Cove, Miranda and other North Coast communities, participate in the Market Match Program and similar nutrition incentive programs that help thousands of residents purchase fresh, locally grown produce each year; and

**WHEREAS**, the North Coast Growers Association administers Market Match Program incentives across its nine (9) certified farmers' markets and through the direct-to-consumer Harvest Box Program, serving as a critical link between CalFresh recipients and regional small and beginning farmers, including, without limitation, producers from Tribal communities and other historically underserved agricultural producers; and

**WHEREAS**, Humboldt County faces significant and persistent food access challenges rooted in its rural geography, limited transportation infrastructure and high rates of food insecurity, making nutrition incentive programs such as the Market Match Program especially vital for residents in communities with few or distant grocery options; and

**WHEREAS**, Humboldt County residents experience food insecurity at rates that exceed state and national averages, and programs such as the Market Match Program help stretch CalFresh benefits further at a time when grocery costs remain high and rural food access continues to be constrained; and

**WHEREAS**, the Market Match Program also strengthens the North Coast's agricultural economy by supporting direct sales for small and mid-size farms, keeping food dollars circulating in local communities, and promoting consumption of locally and regionally grown produce in a region where agriculture is a cornerstone of the rural economy; and

**BOARD OF SUPERVISORS, COUNTY OF HUMBOLDT, STATE OF CALIFORNIA**  
**Certified Copy of Portion of Proceedings for the Meeting of May 12, 2026**

**WHEREAS**, at a time when many Californians, particularly rural Californians, continue to experience food insecurity and high food costs, nutrition incentive programs such as the Market Match Program are critical tools for improving food access and supporting both consumers and farmers; and

**WHEREAS**, the Governor's January 2026 proposed state budget did not include new funding for the California Nutrition Incentive Program that supports the Market Match Program, creating uncertainty about the program's continuation once current funds are exhausted.

**NOW, THEREFORE, THE HUMBOLDT COUNTY BOARD OF SUPERVISORS HEREBY RESOLVES AS FOLLOWS:**

1. The Humboldt County Board of Supervisors encourages Governor Gavin Newsom and the California State Legislature to continue and expand state funding for the Market Match Program and related nutrition incentive initiatives that double CalFresh benefits for fruits and vegetables.
2. The Humboldt County Board of Supervisors recognizes the Market Match Program as a critical tool to improve food security, support local farmers and strengthen farmers' markets serving communities across California, including, without limitation, residents of Humboldt County and the broader North Coast region.

Dated: May 12, 2026
